

# Signature

**westomatic**

British Vending Excellence Since 1966

The new touch sensitive,  
high volume tabletop  
machine delivering  
exceptional drink quality

Summer 2015

## The small machine with big capabilities...

The versatile Signature is so much more than just another tabletop machine. Its touch sensitive, easy-to-use menu selection makes drink choice quick and simple in busy counter-top catering locations.

With large ingredient canisters and 160 x 180 ml cup capacity the Signature is the big 'little' machine that can handle more vends than your average tabletop, dispensing great tasting drinks that rival the high street.

Its stylish good looks, exceptional drink quality and illuminated touch button system make the Signature the perfect tabletop for modern style-conscious locations.

\*Shown with Douwe Egberts branding

\*Shown with a H2O lockable base cabinet

## Branding Options

The use of hardened acrylic allows us to not only cut and fit a selection of payment options but also allows branding opportunities. For more information on all our branding options please contact our sales department [sales@westomatic.com](mailto:sales@westomatic.com)

## Features

- Touch sensitive menu selection with 12 large illuminated easy-to-use drink option buttons including sugar
- High performance paperless brewer technology (unique to Westomatic) guarantees quality drinks that compete with the High Street at the touch of a button
- Integral sugar canister- so no need for stocking sugar sticks!
- 160 x 180 ml cup capacity (approx)
- Cup sensor allows the use of your own cup or mug
- Choose any method of payment: free vend, cash, swipe card or wave and pay, we can fit a system to suit your needs
- Removable drip-tray and durable exterior means it's also hygienic and easy to clean
- Instant, single fresh brew, double fresh brew and bean-to-cup models available

\*Shown with a plain lockable base cabinet

## Green Credentials

- LED lighting – no more neon gas filled tubes to replace
- Unique, in-built energy management system reduces power consumption by up to 30% during inactive periods
- Use of recycled materials wherever possible
- Permanent, refillable ingredient canisters and paperless brewers mean less packaging, wastage and ultimately cost
- UK manufactured with shorter logistics paths resulting in a reduced carbon footprint
- The H2O base cabinet flash cooling system only uses power when water is being chilled

### Ingredient Capacity (max)

Whole coffee beans	1450 gm
Pre-ground coffee	2410 gm
Leaf tea	2410 gm
Instant coffee	480 gm
Whitener	770 gm
Sugar	1570 gm
Chocolate	1470 gm
Bean to cup waste container	100 cakes
Fresh brew tea waste container	100 drinks

## Monitor Performance

Measure drink trends, monitor machine performance and cash using simple USB technology.

Why waste time entering data when you can download all the audit information from USB straight onto your PC?

You can also save money and space by adding freshly filtered chilled water to your Signature menu using the convenient H2O base cabinet
